### Dunnottar Otters Go White Water Rafting!

We've decided to take on White Water Rafting to raise vital funds for Chest Heart & Stroke Scotland.

Every hour of every day 100,000 people in Scotland struggle to breathe because of a chronic chest illness. Every 55 minutes, someone in Scotland will have a heart attack. Every 45 minutes, someone in Scotland will have a stroke.

Chest Heart & Stroke Scotland is Scotland's Health Charity - there to improve the lives of the thousands in Scotland affected by these terrible illnesses. CHSS funds pioneering research and provides essential support in communities around Scotland, however, the charity can only do this with your support. So please use the link below and support the Dunnottar Staff Team to raise as much money as possible.
